

Dr Veneeth Sidharthan

Homeopathic Case

Prize contest

Sept 2023

A case of cardiomyopathy

Patient aged 23 yrs. He started to have symptoms of cardiomyopathy at the age of 20, while he pursued his medical school. It was diagnosed as dilated cardiomyopathy.

Main symptoms: audible palpitation, at the least exertion the palpitation will increase. Trembling hands during fine works and even stretching the hand.

Agg from emotional disturbances, always afraid that something will happen. During his studies he had an affair with a girl, and she left him later, he felt a lost feeling deeply. Weeping when alone and watching films which consists of tragedy and sufferings of others.

Palpitation increases after eating, but drinking water ameliorates.

Cold climate ameliorates according to him.

He has been witnessing quarrels between his parents since childhood and he felt very annoyed by it.

Always protruding his tongue in and out during conversation.

Desires salt and spicy food.

To participate with the prize contest

What is your case analysis? Which rubrics would you use, and which remedy would you prescribe?

Send your case analysis with repertory rubrics and what remedy you think Veneeth had prescribed. You have two weeks to send in your analysis.

Send in your analysis to email: drveneethsidharthanseminar@gmail.com

Two prizes

From the submissions who have the most correct and best motivated answers, **two prize winners** will be selected via a raffle, and they will receive a nice gift from Zeus-soft in RadarOpus, or **you choose for a free [online course](#)** of Dr Veneeth.

All participants will be sent the answer in about 2 weeks.

The greatness of homeopathy shows itself if it is practiced in its purest form!

Dr Veneeth's Online course

We offer the first great online course of Dr Veneeth Sidharthan, in which he shares about 22 cases. Most parts of the course is organized as a workshop in which you can have a great learning experience when given a few minutes to work out the cases yourself, before the case is being discussed with the group. Finally the analysis and prescribed remedy is discussed with the group.

The course comes with an accompanying course document with links to optional online quiz questions. When participating with the quiz questions you will receive a certificate after completion the course.

Dr. Veneeth's Homeopathic Slogan

Keep it Simple!

Dr. Veneeth. Sidharthan is a homeopathic doctor who comes from a remote village in the Thrissur district of Kerala, India. He has a clinic in which 3 to 4 junior homeopaths in training are working under his guidance. In Kerala there are 5 Medical Homeopathic colleges and many homeopathic practitioners. 100.000 patients seek homeopathic treatment every day from government dispensaries in Kerala. One of Veneeth's slogans which he mentions during his lively seminars is "**keep it simple**".
